Masters of form. Our inspiration breeds
innovative perspective. You'll love
our viewpoint!

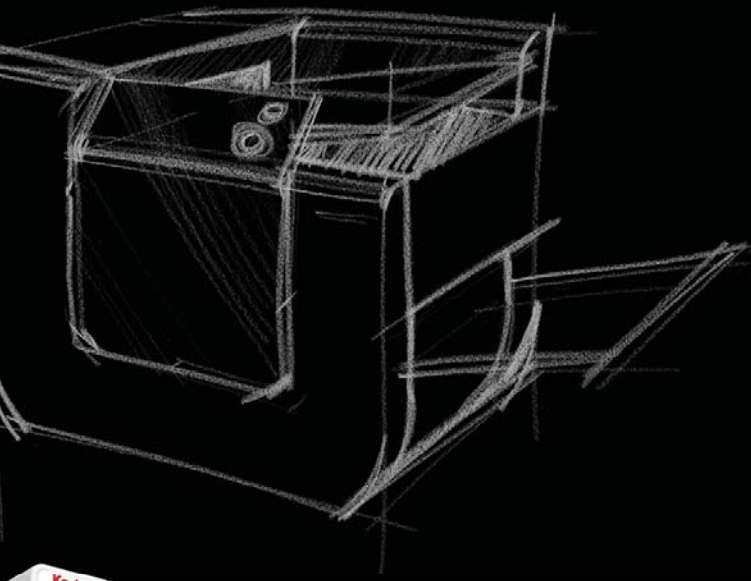

Kodak

innovative service

We have award-winning expertise in a range of categories including consumer products, office equipment, sporting goods, and medical devices. Our designs succeed because we understand people. We develop products that your customers want to use and want to be seen with. We are natural-born creatives that have carefully cultivated the ability to combine artistic vision with complex engineering principles and strategic business goals.
